Memorandum

~~CONFIDENTIAL~~

TO : Director of Training

DATE: 24 April 1970

FROM : Chief, Career Training Program

SUBJECT: Weekly Activities Report

1. Members of the IG staff consulted me on 20 April concerning the feasibility of Escape & Survival Training for Career Trainees [REDACTED]. In our judgment, such training should not be standard for all CTs who are CS-bound, but ought to be considered seriously for all personnel going on assignment to areas where there is reasonable risk of this kind.

2. At the request of the Director, [REDACTED] I addressed assembled members of his office on 23 April with regard to the "new look" of the Career Training Program.

3. The offices of the CTP Personnel Unit have been consolidated with those of the Staff proper in Rooms 729-743, although the unit retains its listed telephone extensions.
